# 7 THINGS TO PREPARE FOR in 2024

The Lord is preparing us to benefit from 2024 and beyond. Even if it's bad news, it can be good news because we have a head's up. I believe the Lord has given me seven prophetic things to really prepare God's people for 2024.

Right now, the Spirit of God is looking at hearts. He's measuring our heart posture and our heart alignment just like when he was looking for a candidate to be king over Israel and found David, of whom he said was a man after to his heart. This is particularly important for 2024.

*For the eyes of the Lord run to and fro throughout  
the whole earth, to show Himself strong on behalf  
of those whose heart is loyal to Him.*

2 Chronicles 16:9

The Lord is always looking for a candidate, someone he can exalt, lift up, and promote in the land.

**2024 IS GOING TO BE THAT YEAR WHERE YOU'RE GOING TO START TO SEE UNKNOWNNS BECOMING KNOWN AND KNOWNNS BECOMING UNKNOWN.**

There is going to be a shift where those that have been hidden for a season, even in frustration and obscurity, will begin to rise to the surface. Much like Job when the Lord said of him, "Have you considered my servant Job? There is no one on earth like him; he is blameless and upright, a man who fears God and shuns evil."

We see this throughout scripture as also in the example of Noah who was, "a righteous man, blameless among the people of his time, and he walked faithfully with God." When God was looking, He found Noah, a man of righteousness among a morally decadent people.

So, why is the Lord saying this? I believe He's saying this because darkness is going to get darker. The darkness we're going to feel in 2024 and going forward is going to be akin to the Egyptian Darkness where the Bible says a darkness that could be felt (Exodus 10:21). This is like a demonic darkness that has a touch point to it and although the Bible says, "We wrestle not against flesh and blood" (Ephesians 6:12). We're actually going to see the enemy taking on a more physical form, whether through politicians, school board, teachers. We're going to see it get worse.

We will see an increase in people who have taken on demonic assignments, the Bible calls them *the rulers of the darkness of this age*, who have basically become epithets or servants much like bar Jesus or

Simon the Sorcerer in Scripture, people who have taken on the identity that *this is who I am*.

Especially in America. Sorcery is going to become a more real practice. Witchcraft is going to become more at the forefront. And we are already seeing those things taking place.

But who's the Lord looking for in the midst of that? Those who are blameless, who haven't bowed their knee to Baal. So, the first strategy in 2024 is...

# 1

## **Embrace Blamelessness**

He is looking for those who mourn for evil. There is a godly sorrow that works repentance (2 Corinthians 7:10).

Become a people who when they see evil around them and weep for the evil. Like Habakkuk, “why do you let me behold this evil every day?” And God responds because He responds to blameless people. Blameless doesn't mean without sin, but that I'm not going to be a part of the reproaches and the things that people are doing, the world is doing and even that the church is doing.

There is a remnant of people who are not going to become a part of pseudo-church culture, instead they are going to embrace a kingdom culture that is righteousness, peace, and joy and the Holy Spirit.

# 2

## **The Gathering Anointing**

There has to be the release of a fresh Gathering anointing. Covid scattered us, but now we are no longer in the Covid-era. We are now in the Gathering season.

The enemy's assignment for Covid was the scattering of the people. God's assignment for Covid was that all of the things that could be shaken were shaken.

But we are now in what the Lord calls a fresh Gathering season for the sake of the Harvest. Who's God gathering? He is not gathering the Harvest, he's Gathering the Harvesters.

You are no longer the Harvest. You are now the workers and the Gathering season is to equip you not enable you. You can no longer just be part of the audience, you're now a part of God's army. God needs an army and you're it.

There has to be a fresh Gathering anointing. Why? Because the evil day is approaching. Hebrews 10:25 says, "not forsaking the assembling of ourselves together, as is the manner of some, but exhorting one another, and so much the more as you see the day approaching."

So, as we see the evil day, the response of God to that evil day is assembly. Not gathering for the sake of serving teas and coffees but an assembly of the Saints together and the mobilizing of the Saints so that one should chase 1,000 and two shall chase 10,000.

The Spirit of God is looking for those gatherings in the Earth again. He's brooding over the gatherings because there's an outpouring now and it's not going to be just an outpouring for revival it's going to be an outpouring for reformation.

Ezekiel beheld a valley that was full of dry bones. God didn't abandon the bones; the Bible says he said prophesy to the bones. Why? Because the breath needs bones. We can't just prophesy and ask God to pour out His spirit and there's no structure to fill. Spirit needs structure. He needs a skeleton. He needs a gathering of the army together so that the outpouring can come.

*Repent, then, and turn to God, so that your sins may be wiped out, that times of refreshing may come from the Lord,*  
Acts 3:19

4 things going to take place in the end times

- Repent – Holiness is the lifestyle
- Return - You can repent and not return
- Refreshing – There must be a vessel to fill
- Reformation – when Earth looks like Heaven

The final “R” is where the church hasn't gotten to yet. We love revival and thank God for revival, but it is meant to tilt into reformation, otherwise it becomes resuscitating us and we die again, and He resuscitates us again and we die again. Instead, revival is meant to tilt us out of just an encounter and

spill over into the strategy of how we make Earth look like Heaven. It is meant to make the kingdoms of the world reflect the “*the kingdom* of our Lord and of His <sup>[a]</sup>Christ; and He will reign forever and ever” (Revelation 11:15).

That's the place now in this final revival God is saying I'm holding back the revival until you have your reformers on the ground.

And what does that look like? It looks like Elisha is already pulling a plow. Elisha is not there just waiting for revival; no, he's already got his instruments ready for reformation to till the ground. That means, now in this hour, the anointing is coming upon education. The anointing is coming upon intelligence, those who know what to do now that they've been revived.

## Devise an Exit Strategy

Forbes magazine that came out with an article that 300 million jobs that will be lost by 2030 to artificial intelligence. So, the Lord said now it's time to work out your Exodus.

Exodus is a huge word in the Hebrew. It's a relative of the word "Ecclesia" where we get "the call out ones" from. They were running from their jobs. They had horrible bosses called task-masters who afflicted them cruelly in a season to build structures for pharaoh. We're actually in a season where 2025 will be the halfway point the Lord says of that exit strategy. We are in a movement out of jobs and into sustainability.

Look what the Lord said, which is really interesting, "Let my people go from their slavery that they may worship me" (Exodus 3). God wanted them to be freed up enough to worship. He wanted them to be freed up enough to spend time with him. That was the whole goal of delivering them from their terrible job. That word *worship* is the same word *bondage*. In other words, God wasn't freeing them from slavery, God was freeing them to slavery - but slaves of Christ; slaves of the Lord, not slaves of the systems of the world.

God's people are going to have to choose which master they're going to serve. I love what the Bible

says, that your biggest master isn't Satan, your biggest master is money it's mammon.

We're shifting the time now and whatever job you had before you're going to see them becoming redundant. We're already in that era now where if you're not working out your exit strategy out of the job sector or into jobs that will matter past 2030, you're going to be in trouble.

*Then Joseph went and told Pharaoh, and said, "My father and my brothers, their flocks and their herds and all that they possess, have come from the land of Canaan; and indeed they are in the land of Goshen."<sup>2</sup> And he took five men from among his brothers and presented them to Pharaoh.<sup>3</sup> Then Pharaoh said to his brothers, "What is your occupation?"*  
Genesis 47:1-3

I think this is going to be the most crucial question of the next few years. What is your occupation? What's your job? Ask yourself, is it going to be around or is there some robot that can do my job much better than me? It's time for us to begin to make the shift into whatever sectors of job or business or Investments that are going to actually make room for us and our families.

# 4

## Wise Investments

I don't believe God wants us to be foolish with money and not stay liquid. I actually believe that liquidity is good; without liquidity you can't buy food. But I believe there's a strategy in the season we're stepping into that the Lord wants us to build asset-based lives and not income-based lives.

This means that

1. We've got to get wise with money
2. Align ourselves with people that are wise with money

So that's two things you can do. You can either admit you're incompetent at money, and be like Ruth who said to Naomi, "I'm following you. I don't know anything about this bread and economics, but your people are my people. Now your God is my God. Where you die, I die. I'm joining your course. I'm subscribing to your life. I'm going to be here until I get brainy enough to figure this out, but right now I'm just going to align."

You can align with people who are heading in that direction, teaching in that direction, training in that direction, pastors and leaders that are speaking in that direction.

Past 2025 the dichotomy is not going to be wise people against foolish people. The Bible says the foolish people expected the wise people to provide

for them during a time of the bridegroom coming. The wise people looked at the foolish people and said no the reason we're sleeping is because we've actually invested, we've bought our oil. Don't sleep just because we're sleeping get about your day and do some work.

So run away from money and choose to invest in the best parts of the land. If you're one of those people that God's speaking to about property, about land development, etc. Don't just invest in anything, invest strategically in parts of the land that you know are going to bless you and your family years down the line.

I mean you look at the man Naboth, who Jezebel killed, and you realize why she killed him, because he had a plot of land that was right next to the King's house. That asset is so expensive that Naboth said no you're not touching my portion, this is my family's inheritance dating back years.

You've got to work your way into the best parts of the land. Whenever there's a recession or something's going on in the land, it's the best parts of the land that are going to stay buoyant. Genesis 47:14 says,

*And Joseph gathered up all the money that was found in the land of Egypt and in the land of Canaan, for the grain which they bought; and Joseph brought the money into Pharaoh's house. So when the money failed...*

That's the operative word. Money is going to fail. Money is getting ready to fail. And I've been telling people to watch out for Wells Fargo Bank, and different banks for massive closures. We're going to see something shifting economically and it doesn't

mean money goes away. According to the law of conservation of energy, it never gets destroyed it just gets converted into something else. This means we must find where it's being converted into.

When the money from Egypt was gone, the Bible says that the people became slaves; they became slaves of the government and slaves of pharaoh. The scariest phrase in the world, according to former U.S. President Reagan, was "We're the government and we're here to help."

This is exactly what happened in Joseph's Day. The government came and said we're here to help. Joseph's pharaoh was benevolent, but the pharaoh that rose up after him was not. And this is why Solomon says I've seen a wicked thing under the sun: a ruler rises up and then people hate him and they go for a younger guy instead that everybody loves but he's only there for a season. Then, somebody else will rise up.

America's obsession with elections has to give way to the goal to build the kind of personal economy that sustains whether it's a Democrat or a Republican in power. This way we're okay, we're buoyant, we're riding through whatever season we need to ride through because we're trusting in the Lord we're not trusting in the White House.

# 5

## **Asset-Based Living**

I just see something so strong coming for 2024 in different parts of the world that is going to be such an economic shaking that you cannot afford to get into debt. I'm not talking about Good debt I'm talking about bad debt and all of these luxuries that you can't afford.

Live within your means. Then, don't live off of your income, live off of your business. I actually believe God is lowering the bar for everyone to be able to enter into this season of business. I really believe it prophetically. The Bible says in Luke 19 "Occupy until I come." That word means trade until I come, do business until I come. So there's a there's an anointing for skilled business. In Exodus 31 it talks about the Spirit of God coming upon the people. And it wasn't actually prophecy, prophecy was the latter-day outpouring. It was for building, design, architecture, craft, and business. So, there's an outpouring in 2024 if anybody's willing to receive it. It is an outpouring that's going to make you skilled. It's going to make you successful.

I remember when the Holy Spirit taught me how to play the piano. I still don't read musical notes today. He just supernaturally skilled me to play and I became the worship leader of our church for almost three years. I was just in my room and I said, "Holy

Spirit teach me.” And all of a sudden, He started teaching me.

So supernaturally, we're going to see skill coming upon the people of God. They're going to be able to do things that they couldn't do before. The anointing is coming upon people who are being positioned for wealth transfers.

People are going to be as wealthy as they want to be. Wealthy for what sake? The billion soul harvest. People talk about the billion soul harvest but they don't talking about the billion soul seed, it's going to cost a lot.

We need billion-dollar investors. We need the feebies, the benefactors, the matrons and the patrons; those who can carry the anointing and who can carry the wealth to sustain revival as well. We need a calling forward of those people. So, we need a buying and selling anointing. We need people who are living within their means we need people who are building businesses, not living off of their job. We need those like the widow who didn't have to wait for her circumstances to change to shift into a business anointing. Remember, her husband died and the creditors were coming to take her kids. And in the midst of that she seeks a prophet and the prophet says, “What do you have in your house?” She says, “Nothing. Just this jar of oil.”

And I believe prophetically your next level is in your house. It's not some big idea. It's not some amazing thing. It's actually just the thing you call nothing. It's sitting there right in front of you. Imagine her whole company was right in her house and she called it

nothing. Then all of a sudden the prophet gave her strategy.

Here's the operative word of 2024 if you're going to succeed: it's not about products, it's not about services it's all going to be about supernatural prophetic strategy.

You're going to have to partner with the prophets and prophetic people to release strategy. Every business, every organization, Christian or secular, is going to succeed by partnering with prophets to release prophetic strategy over their businesses, over their ideas, and their initiatives. There's going to be some divine revelation that's going to come just like it came to this woman and she's going to all of a sudden see what she called nothing become a multi-million dollar oil business in a desert. And that's exactly what happened. Her story turned around because she partnered with prophetic strategy.

Those who don't partner with prophetic strategy are going to partner with fear and the spirit of the world. The best analogy for this is when Apostle Paul was stranded on his way to Rome and he prophesied to them, "Brothers, I perceive this journey is not going to end well for us." And the Bible says the Centurion believed the ship master over the prophet.

He believed the professional over the prophet. He believed what the professionals were saying, and look how 2020 became the exaltation of this kind of *professional people intelligence*. And they started telling people, "Believe the professionals. Believe the professionals. Believe the science." And we're now seeing the science wasn't correct and those who told

us to believe them are now reneging on some of the things they said.

We've got to believe what the Lord is saying not what man is saying if we want to succeed. Man's voice is only going to get louder and louder, climate this climate that. The prophet's voices have to be amplified as well, so in the midst of the noise we can hear the voice of the Lord.

This widow turned around her life. That's why I said how wealthy you want be is as wealthy as you will be. He said borrow some vessels. He didn't say borrow six. He didn't say borrow seven. He said borrow some vessels. How successful do you want to be? How big do you want to dream? The Bible says, when the jars were filled the oil stopped. So, the secret is borrow as many jars as you can and the oil's going to keep running. The secret is to trust God as big as you can trust him to make you a conduit and a carrier of blessings for nations and he's going to do exactly that.

# 6

## **Wartime Strategy**

I think we're just waiting for this big announcement to come on the news the world war has begun. But wars are not declared in the natural, wars aren't declared in the spirit. The Bible says in Joel 3:9, "Proclaim among the Nations: "Prepare for war!" He said prepare for war, he didn't say let war find you. He says be prepared ahead of time for a season of warfare.

What does warfare season look like? There are nations right now going through wartime and us in our generation, who have never seen it before, we're the ones sitting on the sidelines protesting and yelling because we've never experienced what real wartime brings.

What does wartime bring? It brings casualties. It brings innocent lives being slaughtered. It brings chaos economically. It puts us in a place of survival. I'll tell you the biggest thing it does, it puts us in a place of self-governance. Every time wartime struck, people became more self-governing and less reliant on government because government was busy fighting wars.

During war people consolidate. People build their own security. People build their own wealth structures and their own survival mechanisms.

Of course, it's very expensive but in the long run you become less reliant on government and the whims of government and you become more reliant on the Spirit of God and the things that he's showing you, more reliant on personal wisdom personal safety and protection for your family. So, prepare for war.

The Bible says, "Beat your plowshares into swords" (Joel 3:10). That means, whatever was your domestic instrument before for a domestic life you're going to have to learn to turn that instrument into a wartime weapon that's effective for where you're going. Whatever job you were doing before you have to shift that into and beat yourself into something that's effective for the season we're coming into now.

# 7

## **Economic Independence**

Goshen is this place where the government has no ability to touch. Goshen is the place where you don't become a victim of the whims of economies. Stop waiting for Trump to come back to build your Goshen. Goshen is the place where you get delivered from the idolatry of election cycles. It's the place where you actually come into being the president of your house, the president of your children, the president of your community.

In the New Testament it was Antioch. They started building these economic supply chains because they heard that the believers were going through a tough time. So, they sent financial relief to those believers because Antioch was wealthy enough. I estimated the wealth of the Antioch Church from Acts 19 and it was a millions of dollars, US dollar equivalent, that the Antioch Church owned; they were wealthy people.

So, if anybody had issue it was like, let's just send them relief. The widows let's send relief. Those in famine let's send relief. I believe today's church has to build some kind of economy within ourselves for when systems begin to fail. I don't know what fully it would look like, I wish I did. I do think one of them is agriculture. I think the church needs to go back to owning its own agriculture, owning its own farming animals, cattle and producing its own vegetation.

The first thing God put them in was a garden. The last thing God did when he returned and died, he came back in a garden. And I believe that we're literally talking about moving back to sustenance and self-governance as opposed to relying on government structures and that's Genesis 47:23,

*Then Joseph said to the people, "Indeed I have bought you and your land this day for Pharaoh. Look, here is seed for you, and you shall sow the land. And it shall come to pass in the harvest that you shall give one-fifth to Pharaoh. Four-fifths shall be your own, as seed for the field and for your food, for those of your households and as food for your little ones."*

That sounds fair. But what happens when another politician rises up and is not as benevolent as that pharaoh? He's going to take that up to two-fifths and another will increase it again. We've got to build with wisdom. Joseph actually created the very system that enslaved his own people years later, but he did it under a benevolent dictator. We've got to build with foresight now because whoever leads us, they're going to change and so we've got to build our own unwavering systems that can't be shaken by the whims of the world.

The Bible calls it Zion, the city made without human hands, which I believe is God's wisdom and revelation upon the believers.

## **Conclusion**

7 THINGS TO PREPARE FOR 2024 is a call to proactive living, with important strategies that blend biblical insight with actionable steps for personal and ministry growth. Let us not be hearers only, but faithfully steward the word we have been given as our actions will have resounding impact.

GLOBAL  
PROPHECY

THE RISE OF THE INCORRUPTIBLES

TOMI ARAYOMI  
MINISTRIES

# 2024 Global Prophecy

## THE RISE OF THE INCORRUPTIBLES

Blessings, my name is Tomi Arayomi,

Today I will be releasing the 2024 Word of the Lord for the Nations on what happens to be my birthday. It's such a privilege to be broadcasting this word to you across many platforms as we light the way in to 2024 and beyond.

### **THE YEAR OF THE INCORRUPTIBLES RISING**

The Lord calls this year, the year of the incorruptibles rising, the Lord says, I am raising up the incorruptible seeds that My son died for and you will see the corruptible for what it is says the Lord. For this will be the beginning of days that I will say are like the days of Noah. For My eyes are searching throughout the earth looking for the men and the women of righteousness that I can command to build the arks of safety for what will come past the year 2030 says the Lord.

In Genesis 6:11 The Scripture says this about the day of Noah,

*Now the earth was corrupt in God's sight and was full of violence.*

### **CORRUPTION SHALL HIT A NEW HIGH**

The Lord says, in 2024 corruption shall hit a new high and you will watch as men and women in positions of power through corruption set up kings but not by me! And it will be like the days of Hosea where in chapter 8:3-4 the Scripture says

Israel has rejected the good; the enemy will pursue him. They set up kings without my consent, they chose princes without my approval, with their silver and gold they make idols for themselves to their own destruction.

The Lord says My eyes are upon the Nations that are setting up Kings without my permission and through corruption are placing their own favourites upon ballots for you will cry "This is evil" you will say "this is corrupt," this cannot stand but I will say oh strong Nations, how else can I cause the incorruptibles to arise if I don't make your corrupters clear. For the earth will be filled with the spirit of violence because of the corruption of its leaders says

the Lord and you will know that you have crossed into the day of Noah. For I am watching you America, Canada, France, Germany, I am watching you South Africa! I am watching you! And the more your sterile corruption rises, I will cause your violence to increase with it for I am looking for the men and women of incorruption to arise.

For this will be the season where I will announce judgment upon the thrones of the earth and there will be shaking and reshuffling of Nation thrones and State thrones and you will watch as I shake and deal with the kings that they have set up without My consent says the Lord.

I am looking for the incorruptibles, who I can put in charge of My whole house, those who do not love silver and have no regard for gold.

*Since you have purified your souls in obeying the truth through the Spirit in sincere love of the brethren, love one another fervently with a pure heart, having been born again, not of corruptible seed but incorruptible, through the word of God which lives and abides forever,*

1 Peter 1:22-23

I am watching over the Nations, looking for the remnant who grieve over the sin of the land in which

they dwell in, those who are willing to wash themselves in the blood of the lamb so that I can entrust them and put them over My affairs says the Lord.

## **6 YEARS LEFT!**

### STRANGE WEATHER PATTERNS

Tell this people 2023 is ending and you now have 6 years left. 6 Years in which to submit to Me that I might show you your 6 year plan. The time will accelerate and things will move much faster says the Lord and within this window, you will see even strange weather phenomenon rising in the earth. Historic winds, record heats tornados in Countries within Europe that have not seen windstorms and floodings across the earth. For this shall be the year of the intense groaning of the earth and it shall be as if the earth is responding to the corruption that it no longer wants to eat says the Lord, but in the midst of the strange weather patterns, I will emerge says the Lord upon those who have taken to My presence and I will say, "Arise and shine, for your light has come and you are operating on the engine of My glory.

### ECONOMIC MANIPULATION

For from this generation of people shall come economic arks to safe guard a generation past 2030 and the Lord says, if you will move away from a religious spirit, I will grant you an economic anointing and I will raise up a new Apostolic

bulldozing breed within the marketplace for winter is coming and I must replace your show horses with war horses. And 2030 shall be year of the clamp down of money and the UK shall be a poster child of a wickedness that the enemy will try to circulate around the world as a new means to say we are ending poverty and providing sustainability but the weapons they use to end poverty shall also be the same weapons that men shall use to force compliance of voices. So I say to you oh generation of Apostolic leaders, it is time for you to shift your thinking outside of your structures for there is a clamp down coming says the Lord. Something will start within Europe that will spread to many Nations, and still the remnant Nations will not adopt this says the Lord. 2030, will be a day that many shall rejoice not knowing that pharaohs are rising up to deal wisely with them and this is manipulation disguised in equality and equity for all.

## AUTOMATION AND AI

2024 shall begin a race towards automation that shall call for congress to make decisions that shall be too late for it. In it Africa shall have a voice and many ideas and ingenious dreams and visions shall come forth to create solutions that will raise many out of poverty into great wealth. But the season of automation and artificial intelligence shall spring into unmanageable new norms. For in it, there will be great fear but I will spring forth and show men great solutions.

## MAD MEN FOR A SEASON

Watch says the Lord, as I raise up those who men considered mad men, watch as I break the unholy alliance of your media channels through a remnant of Jehu's, watch America as your season changes right in front of your eyes and hyperboles and extremes take over your television screens again. Watch as even in January, your enemy tries to stir up old contentions but I will declare enough!

## INSTRUMENTS OF CHANGE

I am not one to mention secular names but Isaiah the prophet called Cyrus a secular man by name because of his assignment to Israel. I saw a hit list, it was called a media hit list, upon the list were various names of effective voices deemed a threat. These were not Christian voices, these were challengers to the status quo and the enemy needed to gag them. I only saw a few of these names and they formed part of a 2024-2025 hit list for silencing permanently. These men and women were reported by the Lord as a people to be prayed for because although they were not Christians, they seemed marked somehow to create change: I saw Elon Musk, Dana White, Russell Brand, Jordan Peterson, Matthew McConaughey. These names were being accused of things and their past was being dredged up like unwashed laundry because they were deemed too dangerous to the 2030 agenda. There is a fight in the spirit and a Jezebel assignment has been unleashed against voices both secular and spiritual that will challenge the status quo. This battle will spill into the

church. Many will fight leadership in the next season, thinking they are doing it in the name of the Lord. But this will be the year where we see brother betray brother. I will hold you accountable to the very words you release. Some will be activated to the knowledge of their assignment and others will not.

## COSMIC PHENOMENON

The Lord says, watch in 2024 as cosmic phenomenon begins to depict a season change as wonders in the heavens begin to show forth a spectacle that will cause the earth to wonder for there is an acceleration and the cosmos shall know it for 2025 shall be a midway intersection and 2024 shall be a preparatory season to cross over.

## CYBER VIRUSES AND CYBER WARS

In 2024 the conversation will be viruses, but not just the viruses we have seen before but there will be talk of cyber viruses and there will be talk of cyber wars and some will say “is this deliberate?” for Nations shall speak of other Nations hacking their securities and breaching their digital walls and the war will shift and there will be talks within the next few years of weapons that can put entire cities into black out. The Lord then took me in a vision to China, I saw top secret plans by Chinese intelligence agencies, I saw them working out what would happen if they tried to accelerate the plan to take back Taiwan and what would be a good military deterrent against the US. I saw conversations about cyber-attacks and military-grade artificial intelligence, I saw technologies being

held in lieu of a plan of US to try to subvert the plans of China to take back Taiwan who had scheduled their invasion for 2025. I saw alliances between Australia, US, UK, surrounding especially the south China sea and the Pacific Ocean. I saw them uniting forces together in lieu of a Chinese Communist Party potential attack. We know China is not the enemy; we wrestle not against flesh and blood. This next war is going to be the wars of boundaries.

## DECLARE WAR

I saw the Lord declare a war, we were stepping into the precipice of what Nations did not know was a time to beat ploughshares into swords. For the Lord says, these shall be the years of the boundary wars and I will also teach my bride to war and deliver her of her complacency. For war is brewing says the Lord and it shall reset the boundary of Nations. For when you hear the news "China has entered Taiwan territory, when you hear the news Russia seeks plans beyond Ukraine, when you hear the news, Iraq and Iran seek plans against Israel know that a new clock has started, not one counting up but one counting down says the Lord and for this I will say to my bride, beat your ploughshares into swords.

For the church will shift out of its domestic congregational assignment into its Wilberforce anointing and it will be a place of

1. Welfare
2. Wartime
3. Wisdom

By the time I am through says the Lord.

#### OPENING A GATEWAY

The Lord says, Watch as I put Saudi Arabia on the map, watch as I renew her image around the world and bring the world to her. For in a little while you will see the new thing I am doing in the midst of Arabia for I am opening a gateway wide and you will see a harvest time has come. For Saudi will be a world stage and many shall flock to it but I will say, can the desert become a pool of life, can I call the voices of John the Baptist back to the deserts to call out a people for My purposes says the Lord.

#### TEXAS

Texas, I have made you a Country, Texas I will make you a remnant Nation and although many will try to strip you of your inheritance, I will say, Texas you are my remnant and you are My oil says the Lord. For I will preserve you as a remnant for the Nations and many shall say, let us go there for our sanctuary and let us go there for our sanity. For from you Oh Texas, I call a star that will not wonder but will be led by Me says the Lord! For you are a loaded gun getting ready to be shot by Me and I will make you an Apostolic and sending Nation for the sake of America and the World.
