

This Prophecy is updated (see point 7) but I received the original in July 2012 (5 years ago) It seems 2018 is the year of convergence and I believe much of these points (1 to 7) will come to pass now over 2018,19,20

Disclaimer "one day in the Lord is 1,000 years so therefore 1 hr in GODS TIMING is 41 years in our time so when we look into the spirit its moving at the speed of light (Kingdom of Light) so picking a date is difficult, however seasons and signs of the times is the mantle of the Prophet. Originally I thought these events would happen sooner but they are all matching up in 2018. Graham Healy www.fitforchristministries.com
